'Let Noble Thoughts come to me from everywhere'
Our Guiding Principle

Our **Mission** is to create a fun, non-competitive space where children can discover and celebrate their cultural identity while developing intellectually, physically, and spiritually.

LBV is a vibrant community dedicated to nurturing the next generation by fostering a deep connection with our rich cultural heritage. We offer a joyful and inclusive environment where children can explore their roots, develop pride in their traditions, and grow into confident, compassionate individuals.

Cultural Education: Engage with stories from Indian **ancient history**, Hindu scriptures.

Festival Celebrations: Experience the joy of Indian festivals Diwali to Holi and understand their significance through hands-on activities.

Leadership & Community: Develop leadership skills by organizing and participating in various events. Collaborate with peers, learn from each other, and build lasting friendships.

Shlokas: From simple shlokas to Sahasranamams, children are guided to master them in a nurturing environment.

Language & Arts: Enhance your child's understanding of Indian languages—Spoken, written Sanskritam, Telugu and Hindi—through engaging lessons and creative workshops.
